Mellon Certified Restoration Honored As Successful Small Business in Pennsylvania!

Jim Mellon (L) and Lt. Governor Jim Cawley (R)

“Strong work ethic. Dedication. Loyalty.” These are just a few of the heartfelt words that Jim Mellon, President of Mellon Certified Restoration, named as defining characteristics of the staff that helped to develop his flagship one-office venture into the expanding seven Pennsylvania locations it has become in its 31 years of business. Pennsylvania Lieutenant Governor Jim Cawley acknowledged this success by touring and speaking at the headquarters of Mellon Certified Restoration. Lt. Governor Cawley led the state’s disaster recovery taskforce in the wake of Hurricane Irene and Tropical Storm Lee.

During his visit, the Lt. Governor was given a personal tour of the Philadelphia Metro branch’s fully stocked warehouse, specialty services vehicle, and state of the art equipment. The Lt. Governor took special interest in our custom designed Mobile Ultra Sonic Cleaning Lab & Equipment (MUSCLE) which utilizes Ultra Sonic cleaning technologies to reduce breakage during the cleaning process. This can be very efficient in losses involving large quantities of salvageable contents.

Chris Maluchnik, Emergency Services Director, gives Lt. Governor Cawley a personal tour of the MUSCLE trailer.

Lt. Governor Cawley stated during his speech, *“we wanted to empower a risk taker, an entrepreneur, a guy like Jim Mellon to do whatever it is he does best.”* Citing his own personal experience with property damage he added, *“I know it takes a special kind of person to do what you folks do. You must be doing it well to have been in business for over 30 years.”* This special appearance by the Lt. Governor was attended by local community leaders, media, and company employees. Jim Mellon wrapped up a proud day in

Mellon Certified Restoration’s history stating, *“Our success is based on showing our customers that we care. This philosophy has been essential to our success over the last 31 years.”*
